EXHIBIT A

PURPOSE

A prosperous future for the citizens of Fairfield depends, in large measure, upon the District's ability to properly educate its children. Effective schooling requires a safe and orderly environment in which learning can occur. Consequently, the City of Fairfield Police Department (referred to as "City"), in collaboration with the Travis Unified School District (referred to as "District"), conducts the School Resource Officer (SRO) Program in order to provide school administrators and staff with law enforcement resources and expertise they need to maintain safety, order, and discipline in the school environment. The SRO Program is intended to ensure that no student's right to receive an education is abridged by violence or disruption.

The program involves the assignment of a sworn police officer to a public school as a School Resource Officer (SRO). In accordance with staffing availability and the demonstrated needs of the school, the City will assign a SRO to the school(s) agreed upon within this Memorandum of Understanding.

With daily interaction between the school's administration and the SRO, it is important to establish, maintain, and update specific guidelines and procedures to be followed by the SRO and individual school administrators. This Memorandum of Understanding clarifies the roles of the SRO and the school administrators, the scope of their authority, and the responsibilities of the District and City in this collaboration. The success of the SRO Program relies on effective communication between the SRO, the principal, and other key staff members in each organization.

ORGANIZATION RELATIONSHIPS

The SRO is directly accountable to the Youth Services Supervisor, and is functionally accountable to any Police Department supervisor who has responsibility for the task involved. The SRO has no direct supervisory responsibilities.

DUTIES AND RESPONSIBILITIES

SCHOOL RESOURCE OFFICER

- A. The SRO is a sworn City police officer assigned to provide the law enforcement expertise and resources to assist school staff in maintaining safety, order, and

discipline within their assigned school(s). The SRO will be maintaining safety, order and discipline within their assigned school(s). The SRO will be considered an active member of the administrative team in his/her assigned school(s).

- B. The SRO's assigned school buildings, grounds, and surroundings will be the equivalent of the SRO's patrol area, and he/she assumes primary responsibility for handling all calls for service and coordinating the response of other police resources to the school. All criminal activity that comes to the attention of the principal or school staff shall be reported immediately to the SRO or to the Police Department. In an emergency situation, the school shall call 911 and also notify the SRO. In a non-emergency situation, the school should notify the SRO or call the non-emergency line at the Police Department (428-7300) if the SRO is not available. Information that is not of an emergency nature may be held for action by the SRO upon his/her return to duty.
- C. The SRO duty schedule will be determined by the SRO Supervisor, but will generally be arranged to provide coverage throughout the school day including peak arrival and departure times before and after school. Whenever possible, the SRO will be visible patrolling the exterior and interior grounds, particularly during the opening or closing of school and during the lunch periods.
- D. The SRO shall wear the police uniform and operate a marked police patrol cruiser while on duty unless otherwise authorized by a supervisor for a specific purpose. The SRO provides a visible deterrent to crime and a positive representative of the Police Department to students and staff.
- E. The SRO shall also assist with training for the school administration in law enforcement and related matters. Information about crime trends and changes in laws relevant to schools shall be disseminated to the school administrative staff to assist them in effectively establishing and maintaining safe school environments.
- F. The SRO may also become involved with the school's curriculum and provide instruction that will enhance the students' understanding of the police mission and the responsibilities of citizenship. However, responding to incidents or conducting investigations will always take precedence over instructing in the classroom. Lesson plans for all formal, organized presentations shall be forwarded to the SRO Supervisor for review and approval prior to presentation.
- G. SROs shall be responsible for monitoring the social and cultural environment to identify emerging youth gangs.
- H. When it is in the best interest of the Department and the school, SROs may make formal presentations to, or participate in, school-based community organization meetings such as Parent Teacher Association and School Advisory Council meetings. Participation in other activities such as panel discussions,

mentoring programs, and community coalitions or task forces must be approved, in advance, by the SRO Supervisor.

- I. Programs conducted in schools by other Divisions of the Police Department shall be coordinated with the SRO to avoid redundant services and to ensure equitable distribution of such programs and services.
- J. A critical element of the SRO program is an open relationship and strong communication between the school principal and the SRO. Each SRO shall meet weekly, or more frequently if necessary, with the assigned school principal for the purpose of exchanging information about current crime trends, problem areas, or other areas of concern which have potential for disruption in the school or within the community.
- K. Other duties and responsibilities of the SRO include proper disposal of illegal substances recovered by the school and not needed for criminal prosecution, maintaining familiarity with the schools' student rules and regulations, attending and providing testimony at school disciplinary hearings, upon request.

TRAINING AND SUPERVISION

The SRO Supervisor shall ensure that open lines of communication are in place between the schools and the Police Department. A weekly meeting with the SROs shall be arranged, and the SRO Supervisor shall meet with the school principals at least twice per school year. To the extent that schedules permit, the initial SRO Supervisor/Principal meeting should be held prior to the start of the school year and be devoted to reviewing school/Police Department expectations and clarifying any operational procedures. The second meeting should occur mid-year and involve a preliminary evaluation of the SRO's performance as well as the identification and resolution of any developing issues. The SRO Supervisor shall address any concerns regarding the performance of the SRO. Principals are to be consulted prior to the selection of a new SRO to determine any special needs or concerns to be taken into consideration in selection of the SRO. The City shall be solely responsible for the training and supervision of each police officer who provides services to the District under this agreement. The City shall retain full authority to direct and control the activities of the police officers and supervise and discipline the officers in accordance with City policies and procedures.

SCHOOL PRINCIPAL

It is the responsibility of the school principal to facilitate effective communication between the SRO and the school staff. The principal of the school should meet on a weekly basis with the assigned SRO. This meeting shall not be delegated to other administrative staff on a regular basis.

The school principal will designate a work area for the SRO that is equipped with a telephone. The SRO shall be provided school-based radio communications equipment used by school administrators and monitors. It is recommended that the area have a locked storage area for securing evidence or contraband. The SRO shall be responsible for arranging for the destruction of any illegal substances that will not be used for prosecution.

The principal shall meet twice yearly with the SRO Supervisor, and at other times at the request of either Party when needed to ensure adequate communication between the school and the Police Department. Upon request, the principal shall provide information to the SRO Supervisor to assist in preparing for the annual evaluation of the SRO's performance. Principals are encouraged to consult with the SRO Supervisor prior to the selection of a new SRO to share any relevant information on the needs and concerns of the particular school.

POLICE INVESTIGATION AND QUESTIONING

When conducting a investigation, SRO's will follow case and statutory law, as well as accepted criminal investigation procedures and department policy. With certain exceptions, the investigation and questioning of students during school hours or at school events should be limited to situations where the investigation is related to the school. Investigations and questioning of students for offenses not related to the operation of or occurring at the school would occur in such situations where, for example, delay might result in danger to any person, flight from the jurisdiction by the person suspected of a crime or destruction of evidence. All criminal and non-criminal contact with a student or faculty member during school hours by an investigating officer(s) should be coordinated through the SRO.

The SRO shall provide information to the appropriate investigative sections of any crime(s) or leads that come to the attention of the SRO. The SRO should be kept advised of all investigations that involve students from his/her assigned school.

The principal shall be notified as soon as practical of any significant enforcement actions taken by the SRO or investigating officer(s).

ARREST PROCEDURES

School Resource Officers are expected to be familiar with school rules and their application with the school.

The following procedures should be adhered to where arrests of students or staff become necessary:

- A. The arrest of a student or school staff member with a warrant or petition should be coordinated through the SRO with prior notification to the principal and accomplished after school hours, when practical.
- B. Arrests of students or school staff members during school hours or on school grounds shall be reported to the principal as soon as practical.
- C. Persons whose presence on school grounds has been restricted or forbidden, or whose presence is in violation of the law, should be arrested for trespassing.
- D. Discretion and good judgment by the SRO may determine alternative action other than arrest.

SEARCH AND SEIZURE

The SRO shall not become involved in administrative (school related) searches unless specifically requested by the school to provide security, protection, or for handling of contraband. These searches must be at the direction and control of the school official. At no time shall the SRO request that an administrative search be conducted for law enforcement purposes or have the administrator act as his or her agent.

Any search by an officer shall be based upon probable cause and, when required, a search warrant should be obtained. Stop and frisk will remain an option when there is reasonable suspicion that a criminal act has been committed or may be committed, or that the suspect may be armed.

ADMINISTRATIVE HEARINGS

The SRO may attend suspension and/or expulsion hearings upon the request of the school principal. The SRO shall be prepared to provide testimony on any actions that were taken by the officer and any personally observed conduct witnessed by the officer. The SRO shall make available any physical evidence. Any evidence presented at any administrative hearing by the SRO is the responsibility of the SRO.

The SRO shall not provide any official police department juvenile record to the school during an administrative hearing. As a general rule, release of such information is prohibited by law unless such documents are subpoenaed by the school through the appropriate court.

POLICE SERVICES

The City hereby agrees to provide to the District police services as described below:

A. One fully uniformed police officer shall be assigned to work as School Resource Officer at the following District schools:

1. Vanden High School, 2951 Markeley Lane, Fairfield, CA 94533

The SRO assigned to the schools will make every effort to be on the campus before school, during the lunch period, and after school. When the SRO is not on campus or performing patrol duties, they will be expected to conduct truancy activities in and around their campus and the city.

The SRO will generally work a 4/10 schedule with Monday or Friday off and be available between 7:00am and 5:00pm. The officers working on Monday or Friday will be available to assist at other schools as needed if the matter cannot wait for the officer to return from his/her days off. If an emergency exists, the school staff should immediately call the Fairfield Police Department dispatch center (911) and request a patrol officer immediately.
